WHOAMI

I'm a Junior Web Developer with a bit of experience with Ruby on Rails, HTML and CSS. Currently I am learning more about Python, Django and tests, and looking for the right company to contribute to and grow with.

EDUCATION

- Information Technology Bachelors - Federal University of Rio Grande do Norte (Interrupted).
- Business Technical High School - Federal Institute of Education, Science and Technology of Rio Grande do Norte.

PROFESSIONAL EXPERIENCE

2016 - 2017 | SuperGeeks

Programming teacher for kids.

2014 - 2015 | Tribuna do Norte

[Internship] Software Developer

I explored Frontend and Backend development being the one responsible for the creation of the new radio website ([Radio Globo Natal](#)). Later on I also participated in the creation of the new version of Classificados - the company's main online product. Stack: Ruby on Rails, PostgreSQL, SQLite, CSS3, Sass, HTML5, JavaScript and JQuery.

2014 | Yázigi

English Assistant Teacher.
